To Tel Rpt from CCR:

Several attempts to move Fwd unsuccessful due to automatic weapons and S/A fire by well concealed snipers in terrain where Tks can do no good. Tks in most favorable positions are exposed to concealed AT guns. Will continue efforts. Got locations on some stuff and aerial observation and have been working on them w/Arty. Might be able to help.

No. CG 7 AD	DATE 4 Oct 44	
Info received from Im O, CCA - Received two (2) counterattacks, one at 0615 and the other one is going on right now. They broke up the one at 0615 and I think this one is stopped now. Arty has been brought down on this last counterattack. One (1) tank, probably a Mk VI, was observed in the woods SW of OVERLOOK. Three (3) rounds bounced off the front and then one was fired into the track. Last shot probably effective.

Handwritten notes on a piece of aged, yellowed paper. The text is mostly illegible due to fading and scribbles. Visible words include "TE JONES" and "J. A. P. S.". There are several boxed-in numbers: "13 07" (top left), "14 07" (middle left), and "14 40" (middle right). A circled "Q" is visible in the lower left quadrant. The paper is heavily scribbled over with dark ink.
